

SCOR wins two Life “Global Awards” in New York

Last night SCOR received two prestigious awards, as part of the Reactions magazine Global Awards programme in New York. The Group was named “Best Reinsurance Company for US Life” and “Best Reinsurance Company for International (Non-US) Life”.

Both of these awards reflect SCOR’s achievements over the last year and the strong development of the SCOR Global Life franchise. The franchise in the US in particular has been enhanced by its recent acquisitions. In June 2013, SCOR announced the acquisition of Generali U.S., which is due to be finalised in the second half 2013. The combined SCOR Global Life Americas and Generali U.S. will become the market leader in the US Life reinsurance market.

This year, SCOR was elected “Most Popular Foreign-Capital Insurance Company” at the Fifth China International Insurance Summit in May and SCOR’s Chairman & CEO Denis Kessler was named “Reinsurance Company CEO of the Year” at the Reactions London Market Awards in June. In the same month, Mr. Kessler was also elected 2012 “Financier of the Year”, an award run by ANDESE - the French National Association of Doctors of Economics and Management Science, and the weekly publication *Investir-Journal des Finances*.

Denis Kessler, Chairman and CEO of SCOR, comments: *“I would like to thank all the insurance and reinsurance professionals who took part in this vote. I am pleased and proud to see the SCOR group honoured with these prestigious awards. Following on from the other accolades we have received this year, they reflect the dedication of the Group’s employees, the relevance of our strategy, and the emphasis we put on client service.”*

Forward-looking statements

SCOR does not communicate "profit forecasts" in the sense of Article 2 of (EC) Regulation n°809/2004 of the European Commission. Thus, any forward-looking statements contained in this communication should not be held as corresponding to such profit forecasts. Information in this communication may include "forward-looking statements", including but not limited to statements that are predictions of or indicate future events, trends, plans or objectives, based on certain assumptions and include any statement which does not directly relate to a historical fact or current fact. Forward-looking statements are typically identified by words or phrases such as, without limitation, "anticipate", "assume", "believe", "continue", "estimate", "expect", "foresee", "intend", "may increase" and "may fluctuate" and similar expressions or by future or conditional verbs such as, without limitations, "will", "should", "would" and "could." Undue reliance should not be placed on such statements, because, by their nature, they are subject to known and unknown risks, uncertainties and other factors, which may cause actual results, on the one hand, to differ from any results expressed or implied by the present communication, on the other hand.

Please refer to SCOR's Document de référence filed with the AMF on 6 March 2013 under number D.13-0106 (the "Document de référence"), for a description of certain important factors, risks and uncertainties that may affect the business of the SCOR Group. As a result of the extreme and unprecedented volatility and disruption of the current global financial crisis, SCOR is exposed to significant financial, capital market and other risks, including movements in interest rates, credit spreads, equity prices, and currency movements, changes in rating agency policies or practices, and the lowering or loss of financial strength or other ratings.

The Group's financial information is prepared on the basis of IFRS and interpretations issued and approved by the European Union. This financial information does not constitute a set of financial statements for an interim period as defined by IAS 34 "Interim Financial Reporting".
