Instructions for attending and voting

Any shareholder, regardless of the number of shares they hold, may attend this General Shareholder's Meeting in person, vote by post or designate a proxy to vote on their behalf.

Pursuant to R.225-85 of the French Commercial Code, the right to participate in the General Shareholders' Meeting is subject to the formal registration of the shares in the name of the shareholder or of the authorized intermediary acting on their behalf, by T-0 (Paris Time) on the third working day preceding the General Shareholders' Meeting (i.e. April 30, 2014), either in the registered share accounts held on the Company's behalf by its agent BNP Paribas Securities Services, or in the bearer share accounts held by an authorized intermediary in accordance with Article L.211-3 of the French Financial and Monetary Code. Only those shareholders fulfilling the conditions provided for in the aforementioned Article R.225-85 on that date may participate in the General Meeting.

The formal registration of the shares in the bearer share accounts held by the authorized financial intermediary is confirmed by a participation certificate (*attestation de participation*) issued, electronically as the case may be, by this intermediary which must be annexed to the postal voting form, the proxy or to the request for an entry card (*carte d'admission*) completed in the name of the shareholder or on behalf of the shareholder represented by the registered intermediary.

The convening notice, including a form for postal or proxy voting or for requesting an entry card (*carte d'admission*), is sent to all holders of registered shares.

Holders of bearer shares must contact the financial intermediary through which their shares are registered in order to obtain a postal or proxy voting form.

DRAFT RESOLUTIONS

Concerning the Ordinary General Shareholders' Meeting

First resolution (Approval of the reports and statutory financial statements for the fiscal year ended December 31, 2013). — The Shareholders' Meeting, upon satisfaction of the quorum and majority requirements applicable to ordinary general shareholders' meetings, and having reviewed the management report presented by the Board of Directors, the report of the Chairman of the Board of Directors annexed to the management report, the Statutory Auditors' report on the statutory financial statements for the fiscal year ended December 31, 2013 and the Statutory Auditors' report on the report by the Chairman of the Board of Directors, approves the Company's statutory financial statements for the fiscal year ended December 31, 2013, as presented to them, as well as the transactions recorded in such accounts and summarized in such reports.

Pursuant to Article 223 *quater* of the French General Tax Code, the shareholders approve the amount of the expenses and charges referred to in Article 39.4 of said Code, which amounts to a total of EUR 92,347 for the previous fiscal year, and the amount of taxation borne by the Company due to the non-deductibility of such charges which should amount to a total of EUR 35,092 for the previous fiscal year.

Second resolution (Allocation of income and determination of the dividend for the fiscal year ended December 31, 2013). — The Shareholders' Meeting, upon satisfaction of the quorum and majority requirements applicable to ordinary general shareholders' meetings, and having reviewed the Board of Directors' report, notes that, given the provisions of Article R.334-1 of the French Insurance Code, it is no longer mandatory to maintain the legal reserve and resolves to release all amounts allocated to this legal reserve in respect of the previous fiscal years and which appear in the financial statements for the fiscal year ended December 31, 2013 in the item "other reserves", *i.e.* EUR 53,386,435, which are now available.

Then, having reviewed the management report presented by the Board of Directors, the Shareholders' Meeting acknowledges that the income for the fiscal year ended December 31, 2013 consists of a profit of EUR 227,095,217 and resolves to allocate this amount as follows:

Distributable amount for 2013:	
- Fiscal year profit:	EUR 227,095,217
- Retained earnings (<i>Report à nouveau</i>) as of 12.31.13:	EUR 21,137,481
- Contribution premiums (<i>Primes d'apport</i>) and Share premiums (<i>Primes d'émission</i>) as of 12.31.13:	EUR 812,698,547
- Other reserves (formerly, the legal reserve) as of 12.31.13:	EUR 53,386,435
TOTAL	EUR 1,114,317,680
Allocation:	
- Dividend:	EUR 240,028,386
- Retained earnings (<i>Report à nouveau</i>) after allocation:	EUR 8,204,312
- Contribution premiums (<i>Primes d'apport</i>) and Share premiums (<i>Primes d'émission</i>) after allocation:	EUR 812,698,547
- Other reserves (formerly, the legal reserve) as of 12.31.13:	EUR 53,386,435
TOTAL	EUR 1,114,317,680

The shareholders resolve to distribute, for the 2013 fiscal year, a dividend of one euro and thirty cents (EUR 1.30) per share. The total dividend amount above has been calculated on the basis of the

number of shares comprising the share capital of the Company as acknowledged by the Board of Directors on March 4, 2014 (without taking into account the treasury shares as at December 31, 2013) and will be adjusted, in the event of any variation in this number, as of the date of payment of the dividend depending on the number of shares in existence as of such date and granting entitlement to said dividend.

The dividend ex-date will be May 12, 2014 and payment will be made on May 15, 2014.

Prior to payment of the dividend, the Company shall acknowledge the number of existing shares granting entitlement to the dividend, given:

- (i) the number of treasury shares held by the Company; and
- (ii) the number of new shares that will have been issued due to the exercise of share subscription options or to securities granting access to the Company's share capital since December 31, 2013 and granting entitlement to the dividend due to their date of entitlement.

The Shareholders' Meeting resolves that if, on the date of payment of the dividend, the amount thereof is different from the total dividend amount above, (i) the sum equal to the balance of the unpaid dividend will be credited to the "retained earnings", or (ii) the sum equal to the balance of the dividend payable will be deducted in priority from the distributable profit for the fiscal year ended December 31, 2013 and, if applicable, for the remaining balance, from the "contribution premiums and share premiums."

1. delegates its authority to the Board of Directors for the purpose of deciding upon the issuance, on one or several occasions, of Ordinary Shares and/or Securities as consideration for the shares tendered to any public offer including an exchange under the conditions set by Article L. 225-148 (or any other transaction having the same effect, including an Anglo-Saxon type reverse merger or scheme of arrangement) and resolves, as necessary, to cancel, in favor of the holders of such tendered shares, the shareholders' preferential subscription rights to such Ordinary Shares and/or Securities Granting Access to Capital;
2. resolves that the determinations with respect to issuances made pursuant to this present delegation of authority must comply with the following ceilings:

— the increase(s) in share capital that may be approved by the Board of Directors and realized either immediately and/or at a future date shall not give rise to the issuance of a number of Ordinary Shares in excess of nineteen million, two hundred fifty-four thousand, six hundred twenty (19,254,620), *i.e.* a total nominal amount (excluding share premiums) of one hundred fifty one million, six hundred sixty-eight thousand, one hundred eight euros and thirty nine cents (EUR 151,668,108.39), not taking into account any additional Ordinary Shares to be issued, as the case may be, on account of adjustments effected pursuant to the law and to applicable contractual stipulations, to protect the rights of holders of Securities Granting Access to Capital or of other rights giving access to the Company's share capital. In the event of an increase in share capital by incorporation of profits, reserves, premiums or in other ways in the form of allocation of free Ordinary Shares during the period of validity of this delegation of authority, the aforementioned total nominal amount (excluding share premiums) and the corresponding number of shares shall be adjusted by application of a multiplying factor equal to the ratio between the number of shares comprising the share capital before and after such transaction,

— the maximum nominal amount of Securities representing debt instruments issued pursuant to this delegation of authority shall not exceed five hundred million euros (EUR 500,000,000) or the counter-value thereof in euros as of the date of the determination to effect the issuance, it being stipulated that such amount does not include any above-par reimbursement premiums (if any were provided for);

the amounts referred to in this delegation of authority shall be deducted from the ceilings set in the sixteenth resolution herein;

3. acknowledges that the decision to issue Securities Granting Access to Capital shall automatically entail the waiver by the shareholders, in favor of holders of the said Securities Granting Access to Capital, of their preferential subscription rights to the equity securities to which such securities entitle their holders, in accordance with the provisions of Article L. 225-132 of the French Commercial Code;
4. grants all powers to the Board of Directors, with the option to sub-delegate in accordance with the applicable legal and regulatory conditions, to implement or determine not to implement this delegation of authority, and in particular to set the exchange ratio as well, if applicable, the amount of the cash balance to be paid, to acknowledge the number of shares tendered to the exchange offer and to modify the by-laws;
5. resolves that the Board of Directors may, at its discretion, charge all costs, expenses and fees incurred with respect to these issuances to the amount of the corresponding premiums after each issuance.

This delegation of authority is granted for a term of twenty-six (26) months starting on the date of this General Shareholders' Meeting, *i.e.*, up until July 6, 2016, and renders ineffective, as from the date hereof, any previous delegation having the same purpose.

3. acknowledges that the Company's shareholders shall dispose of no preferential subscription rights to the Ordinary Shares and/or Securities Granting Access to Capital which may be issued pursuant to this delegation, these being intended exclusively at remunerating any contributions in kind of shares made to the Company and that the decision to issue Securities Granting Access to Capital shall automatically entail the waiver by the shareholders, in favor of the holders of the said Securities Granting Access to Capital, of their preferential subscription rights to the equity securities to which such securities entitle their holders, in accordance with Article L. 225-132 of the French Commercial Code;

Twenty-first resolution (*Delegation of authority granted to the Board of Directors for the purpose of issuing securities granting access to the Company's share capital, with cancellation of shareholders' preferential subscription rights, reserved for one category of entities, ensuring the underwriting of the Company's equity securities*). — The Shareholders' Meeting, upon satisfaction of the quorum and majority requirements applicable to extraordinary general shareholders' meetings, having reviewed the Board of Directors' report and the Statutory Auditors' special report in accordance with the provisions of Articles L. 228-92, L. 225-129-2, L. 225-129-4, and L. 225-138 of the French Commercial Code:

1. delegate their authority to the Board of Directors, with the option to sub-delegate under the conditions set by the law and regulations, for the purpose of making determinations with respect to one or several issuances of Securities Granting Access to Capital of the Company having the characteristics of warrants (*bons*) (hereinafter designated "**Warrants**"), which would (under terms and conditions to be contractually defined) in particular making it mandatory (i) for their holders to proceed with their exercise and to subscribe for new Ordinary Shares if the Company, in its capacity as an insurance or reinsurance company, were to need to cover the consequences of a natural or non-natural catastrophe-type event liable to have a significant impact on the profitability or on the solvency of the Group, as described in the Board of Directors' report (a "**Triggering Event**") and (ii) for the Company to notify the holders of the occurrence of a Triggering Event in view of making a drawing on this facility or these facilities for the contingent issuance of ordinary shares, allowing the Company to automatically have additional capital at its disposal;
2. resolve that all issuances of Ordinary Shares liable to result from the exercise of the Warrants shall not exceed a maximum total amount of two hundred million euros (EUR 200,000,000), including share premiums (*i.e.*, a maximum number of new Ordinary Shares to be issued equal to 25,390,466), it being specified that the total nominal value of the issuances of Ordinary Shares liable to result from the exercise of the Warrants shall be deducted from the ceiling set out in the twenty-sixth resolution of this General Meeting, without ever exceeding such ceiling, not taking into account the number of Ordinary Shares to be issued, if applicable, pursuant to any

adjustments made, in accordance with the law and with all applicable contractual provisions, in order to preserve the rights of holders of Securities Granting Access to Capital or of other rights granting access to the Company's capital;

3. resolve to cancel the shareholders' preferential right to subscribe to the Warrants and to reserve such subscription to a category of entities having the following characteristics: financial establishments holding authorization to provide the investment services described at paragraph 6-1 of Article L. 321-1 of the French Monetary and Financial Code and acting as underwriter for the Company's equity securities; in accordance with part I of Article L. 225-138 of the French Commercial Code, the Board of Directors shall set the list of beneficiaries within this category, it being specified that, if applicable, this may be one single entity;
4. resolve, in accordance with the provisions of paragraph II of Article L. 225-138 of the French Commercial Code and taking into account the terms of the Board of Directors' report and of the Statutory Auditors' special report, that the subscription price per unit for the Warrants shall be zero point zero zero one euros (EUR 0.001) and that the subscription price per unit for the new Ordinary Shares issued via the exercise of the Warrants shall be determined on the basis of the volume-weighted average price of Ordinary Shares observed on Euronext Paris over the three (3) trading days immediately preceding the exercise of the Warrants, after application of a discount of a maximum of 10%;
5. acknowledge that, pursuant to Article L. 225-132 of the French Commercial Code, the issuance of the Warrants shall automatically entail the renunciation by the shareholders, in favor of the holders of said Warrants, of their preferential right to subscribe for the Ordinary Shares to which such Warrants may grant access, it being specified that the Warrants shall have a term of a maximum of four (4) years starting from their issuance;
6. grant all powers to the Board of Directors, with the option to sub-delegate under the conditions set by law, to implement or determine not to implement this delegation of authority, in particular by the execution of one or several agreements with the beneficiaries designated within the aforementioned category.

As a consequence, the Board of Directors or, under the conditions set by law, its agent, shall also have authority to set the characteristics of the Warrants and those of the Ordinary Shares to be issued by the exercise of said Warrants, to complete, on one or several occasions, in the proportions and at the time of its choosing, the aforementioned issuances (as well as to decide on the deferral thereof, as the case may be), to acknowledge the completion of the issuances and to modify the by-laws accordingly, as well as to complete all formalities and declarations and to apply for all authorizations that may be necessary for the completion of such issuances.

This delegation of authority is granted for a term of eighteen (18) months starting on the date of this General Shareholders' Meeting, *i.e.*, up until November 6, 2015.

Twenty-second resolution (*Authorization granted to the Board of Directors for the purpose of the reduction of the share capital by cancellation of treasury shares*). — The Shareholders' Meeting, upon satisfaction of the quorum and majority requirements applicable to extraordinary general shareholders' meetings, having reviewed the Board of Directors' report and the Statutory Auditors' special report, authorizes the Board of Directors to reduce the share capital, on one or several occasions, in the proportions and at any time it deems appropriate, by the cancellation of any number of treasury shares at its discretion within the legally-defined limits, in accordance with the provisions of Articles L. 225-209 *et seq.* of the French Commercial Code.

The maximum number of shares that may be cancelled by the Company by virtue of this authorization is 10% of the shares comprising the Company's share capital over a period of twenty-four (24) months, it being specified that this limit applies to a number of shares that shall be, as the case may be, adjusted in order to take into account transactions having an impact upon the share capital after the date of this Shareholders' Meeting.

The Shareholders' Meeting confers all powers upon the Board of Directors in order to carry out such reduction(s) in share capital, including in order to set the number of shares to be cancelled, to acknowledge the completion of the reduction in share capital, to proceed with the corresponding modification of the by-laws, to deduct the difference between the purchase price of the shares and their par value from any available reserve or premium account, to complete all formalities, measures

and declarations with any agencies and, more generally, to do whatever would otherwise be necessary.

This authorization is granted for a term of eighteen (18) months starting on the date of this General Shareholders' Meeting, *i.e.*, up until November 6, 2015, and renders ineffective, as from the date hereof, the unused portion of the authorization granted by the Ordinary and Extraordinary General Shareholders' Meeting of April 25, 2013 in its twenty-first resolution.

Twenty-third resolution (*Authorization granted to the Board of Directors in order to grant options to subscribe to and/or purchase shares with express waiver of preferential subscription right in favor of salaried employees and executive directors (dirigeants-mandataires sociaux)*). — The Shareholders' Meeting, upon satisfaction of the quorum and majority requirements applicable to extraordinary general shareholders' meetings, and having reviewed the Board of Directors' report and the Statutory Auditors' special report:

1. authorizes the Board of Directors, within the scope of the provisions of Articles L. 225-177 to L. 225-186-1 of the French Commercial Code, to grant, further to a proposal from the Compensation and Nominations Committee, on one or several occasions, for the benefit of salaried employees or to certain of them of the Company and of the companies or entities affiliated to the Company under the conditions referred to in Article L. 225-180 of the French Commercial Code, as well as of the executive directors (*dirigeants-mandataires sociaux*) of the Company, options granting the right to subscribe to new Ordinary Shares to be issued pursuant to the increase in share capital, as well as options giving entitlement to purchase Ordinary Shares obtained from buybacks effected by the Company under the conditions defined by law;
2. resolves that the options to subscribe and the options to purchase shares granted pursuant to this authorization shall not result at the time of their exercise, under the conditions and, if applicable, subject to the fulfillment of the performance conditions set by the Board of Directors further to a proposal from the Compensation and Nominations Committee, in the issuance of a total number of Ordinary Shares in excess of one million (1,000,000), and that the nominal amount of any capital increases effected pursuant to this authorization shall be deducted from the aggregate ceiling set forth in the twenty-sixth resolution herein;
3. resolves that the Board of Directors shall determine with regard to the identity of beneficiaries of options and the number of options to be allocated to each beneficiary, as well as the rights and conditions attached to the exercise of the options (including, if applicable, in accordance with the performance conditions referred to at 2 above); it being however specified in this respect that the allocations approved, pursuant to this resolution, in favor of each of the executive directors (*dirigeants-mandataires sociaux*) of the Company shall be wholly subject to performance conditions and cannot represent more than 10% of the options covered by this resolution;
4. resolves that the price to be paid at the time of the exercise of the options to subscribe for or to purchase Ordinary Shares shall be established by the Board of Directors on the day on which the options shall be granted, in accordance with the provisions of Articles L. 225-177 and L. 225-179 of the French Commercial Code, but with the exception of the application of any discount;
5. acknowledges that this authorization entails the express waiver by the shareholders, in favor of the beneficiaries of the options to subscribe, of their preferential right to subscribe for the Ordinary Shares that shall be issued progressively as the options to subscribe are exercised.

The Shareholders' Meeting grants all powers to the Board of Directors for the implementation of this authorization in order to, *inter alia*:

- determine whether the options granted in the context of this authorization shall be options to subscribe for or to purchase shares;
- define the total number of options to be allocated, to draw up the list of beneficiaries of said options and the number of options allocated to each such beneficiary in accordance with the terms and conditions of this authorization;
- set, further to a proposal from the Compensation and Nominations Committee, within the legal conditions and limits, the dates on which the options shall be allocated; and
- set the terms and conditions of the options, and in particular to define, within the legal conditions and limits:

- the term of validity of the options, it being stipulated that such term shall be of a minimum of five (5) years and that the options must be exercised within a maximum time limit of ten (10) years;
 - the conditions applicable to the exercise of options by their beneficiaries (including the attendance condition and, if applicable, performance conditions);
 - the date(s) or exercise periods for the options, it being understood that the Board of Directors may (a) bring forward the options' dates or exercise periods, (b) maintain the exercisable nature of the options, it being stipulated that the validity of the options cannot exceed twelve (12) years or (c) modify the dates or periods during which the Ordinary Shares issued upon the exercise of the options may not be assigned or placed in bearer form;
 - any potential clauses prohibiting the immediate resale of all or part of the Ordinary Shares resulting from the exercise of the options, provided that the time limit imposed for the retention of shares cannot exceed the three (3) year period following the exercise of the option;
- as the case may be, limit, suspend, restrict or prohibit the exercise of the options or the assignment or conversion into bearer form of the Ordinary Shares obtained from the exercise of the options, during certain periods or following certain events, such a decision being applicable to all or a portion of the options or Ordinary Shares or concerning all or some of the beneficiaries;
 - protect, if applicable, the rights of the beneficiaries, to make any adjustments to the number and price of the Ordinary Shares to which the exercise of the options gives entitlement, on the basis of any potential transactions completed involving the Company's share capital; and
 - define the date of entitlement (*date de jouissance*), which may be retroactive, of the new Ordinary Shares resulting from the exercise of the options to subscribe.

The shareholders resolve that the Board of Directors shall have all powers, with the option to sub-delegate under the legal and regulatory conditions, to acknowledge the consummation of the capital increases up to the amount of the Ordinary Shares that shall be effectively subscribed by the exercise of the subscription options, to proceed with the corresponding modifications to the by-laws, and by its sole decision and at its discretion, to charge all costs of the capital increase to the amount of the premiums related to such transactions, and to complete all formalities necessary for the listing of the shares thereby issued, all declarations with any agencies and, generally, to do what would otherwise be necessary.

This authorization is granted for a period of twenty-four (24) months as of the date of this Shareholders' Meeting, *i.e.* up until May 6, 2016, and renders ineffective, as from the date hereof, the unused portion of the authorization granted by the shareholders at the Ordinary and Extraordinary General Shareholders' Meeting of April 25, 2013 in its twenty-second resolution.

Twenty-fourth resolution (*Authorization granted to the Board of Directors in order to allocate free ordinary shares of the Company with express waiver of preferential subscription right in favor of salaried employees and executive directors (dirigeants-mandataires sociaux)*). — The Shareholders' Meeting, upon satisfaction of the quorum and majority requirements applicable to extraordinary general shareholders' meetings, having reviewed the Board of Directors' report and the Statutory Auditors' special report and in accordance with the provisions of Article L. 225-197-1 *et seq.* of the French Commercial Code:

1. authorizes the Board of Directors in the context of the provisions of Articles L. 225-197-1 through L. 225-197-6 of the French Commercial Code to carry out further to a proposal from the Compensation and Nominations Committee, on one or several occasions, allocations of free Ordinary Shares, either existing or to be issued, in favor of salaried employees or certain salaried employees of the Company and of the affiliated companies or entities under the conditions set forth in Article L. 225-197-2 of the French Commercial Code, as well as in favor of the corporate officers (*mandataires sociaux*) defined at Article L. 225-197-1-II of the French Commercial Code;
2. resolves that the total number of free Ordinary Shares allocated under the conditions and, if applicable, subject to the fulfillment of the performance conditions set by the Board of Directors further to a proposal from the Compensation and Nominations Committee, pursuant to this authorization shall not exceed four million (4,000,000) and that the nominal amount of any capital increases which may be effected pursuant of this authorization shall be deducted from the aggregate ceiling set in the twenty-sixth resolution herein;

3. resolves that the Board of Directors shall determine the total number of Ordinary Shares to be allocated, the identity of the beneficiaries, the number of Ordinary Shares to be allocated to each beneficiary as well as the rights and conditions attached to the conditional entitlement to receive Ordinary Shares (in particular with regard, as applicable, to the performance conditions referred to in point 2 above) it being however specified that the allocations decided pursuant to this resolution in favor of each of the executive directors (*dirigeants-mandataires sociaux*) of the Company shall be wholly subject to performance conditions and cannot represent more than 10% of the Ordinary Shares covered by this resolution;
4. resolves that the allocation of Ordinary Shares to the beneficiaries shall become final, for all or part of the Ordinary Shares allocated:
 - either at the end of a vesting period of a minimum of two (2) years, it being specified that the beneficiaries must then retain said shares during a retention period of at least two (2) years starting from their definitive allocation;
 - or at the end of a vesting period of at least four (4) years, and in this case without any minimum retention period which the General Shareholders' Meeting hereby determines to suppress. However, the General Shareholders' Meeting authorizes the Board of Directors, at its sole discretion, to impose a mandatory retention period of two (2) years, starting from their definitive allocation, for all or part of the Ordinary Shares allocated on a definitive basis at the end of the vesting period of a minimum duration of (4) years;
5. resolves that, in the event of the beneficiary's invalidity, pursuant to the second or third category defined by Article L. 341-4 of the French Social Security Code, unconditional ownership of the shares shall be granted before the end of the vesting period and that such shares shall be immediately assignable;
6. authorizes the Board of Directors to carry out one or more capital increases by incorporation of profits, reserves or premiums to carry out the issuance of the Ordinary Shares allocated under the conditions provided for herein and acknowledges that this authorization automatically prevails the waiver by the shareholders of their right to that portion of the profits, reserves and premiums which would, as necessary, be used for the issuance of new Ordinary Shares;
7. grants all powers to the Board of Directors, within the limits set forth above, to implement this authorization, including:
 - to determine if the free Ordinary Shares shall be Ordinary Shares to be issued or existing Ordinary Shares;
 - to increase, as the case may be, the share capital by the incorporation of reserves, benefits or premiums to carry out the issuance of free Ordinary Shares;
 - to set, further to a proposal by the Compensation and Nominations Committee, within the legal conditions and limits, the dates on which the free Ordinary Shares shall be allocated;
 - to set the conditions for the allocation (including the attendance conditions and, if applicable, performance conditions) and to define the vesting and retention periods applicable to each allocation within the limit of the minimum periods defined in this resolution;
 - to make, as the case may be, adjustments to the number of free Ordinary Shares in accordance with any potential transactions effected on the Company's share capital in order to preserve the rights of the beneficiaries; and
 - more generally, with the option to sub-delegate in accordance with applicable law, to enter into any agreements, to draft any documents, to acknowledge capital increases following final allocations, to modify the by-laws accordingly, and to carry out all formalities necessary for the listing of the shares thereby issued and to make all declarations with any agencies and, generally, to take any other actions necessary.

This authorization is granted for a period of twenty-four (24) months as of the date of this Shareholders' Meeting, *i.e.*, up until May 6, 2016, and renders ineffective as from the date hereof the

unused portion of the authorization granted by the shareholders at the Ordinary and Extraordinary General Shareholders' Meeting of April 25, 2013 in its twenty-third resolution.

Twenty-fifth resolution (*Delegation of authority granted to the Board of Directors in order to carry out an increase in share capital by the issuance of shares reserved to the members of savings plans (plans d'épargne), with cancellation of preferential subscription rights to the benefit of such members*).

4. resolves to cancel, in favor of employees who are members of a company savings plan (*plan d'épargne d'entreprise*), the shareholders' preferential subscription right to the new Ordinary Shares issued pursuant to this delegation of authority and to waive any right to Ordinary Shares or other securities which may be allocated on the basis of this resolution.

The Shareholders' General Meeting grants all powers to the Board of Directors, with the option to sub-delegate within the legal and regulatory conditions, to implement or determine not to implement this delegation of authority under the legal and regulatory conditions and to determine, in compliance with the conditions defined above, the terms of any issuance effected pursuant to this delegation of authority, including:

Denis Kessler, Chairman & CEO of SCOR, comments: *"Dynamic is the word that best describes the Group throughout 2013, in all our business areas. Thanks to the implementation of major projects, to successful organic as well as external growth, to a disciplined and innovative solvency policy and to the strengthening of our presence on the international market, SCOR has improved its positioning, its image and its reputation as a major reinsurance player. This positioning was reinforced by S&P awarding a positive outlook to our A+ rating. A record level of net earnings and strong ROE, while respecting a strong solvency position, are also a gratifying reflection of our efforts. Finally, 2013 was marked by the conclusion of the Group's fourth strategic plan, "Strong Momentum", for which all of the objectives were achieved, and by the launch of our new three-year plan, "Optimal Dynamics". SCOR is well positioned for the current financial environment and reinsurance market developments."*

2013 FINANCIAL STATEMENTS

1. Approval of the 2013 reports and financial statements and allocation of income (1st to 3rd resolutions)

Based on (i) the report of the Chairman of the Board, (ii) the Statutory Auditors' report on the statutory financial statements for the fiscal year ended December 31, 2013 and the Statutory Auditors' report on the report of the Chairman of the Board, as well as (iii) the management report presented by the Board in the 2013 Registration Document, which were made available to you prior to the General Meeting in accordance with the applicable law, you, the shareholders, are being asked to approve the Company's statutory financial statements for the fiscal year ended December 31, 2013, in the form presented to you, as well as the transactions recorded in such financial statements and summarized in such reports.

As an introductory remark and given the provisions of Article R. 334-1 of the French Insurance Code which releases the Company from the obligation to establish a legal reserve given all of the prudential rules applicable to the Company in particular in order to guarantee its solvability, you, the shareholders,

are being asked to acknowledge that the maintenance of said legal reserve is no longer mandatory and to therefore decide to release all of the sums allocated to this reserve for previous fiscal years and featured in the accounts for the fiscal year ended December 31, 2013 under the account "other reserves," i.e. EUR 53,386,435, that will therefore now become available.

You are also being asked to acknowledge that the income for the fiscal year ended December 31, 2013 consists of a profit of EUR 227,095,217 and to resolve to allocate this income as follows:

Distributable amount for 2013:

- Fiscal year profit:	EUR 227,095,217
- Retained earnings (<i>Report à nouveau</i>) as of 12.31.13:	EUR 21,137,481
- Contribution premiums (<i>Primes d'apport</i>) and share premiums (<i>Primes d'émission</i>) as of 12.31.13:	EUR 812,698,547
- Other reserves (formerly, the legal reserve) as of 12.31.13:	EUR 53,386,435
	TOTAL
	EUR 1,114,317,680

Allocation:

- Dividend(*):	EUR 240,028,386
- Retained earnings (<i>Report à nouveau</i>) after allocation:	EUR 8,204,312
- Contribution premiums (<i>Primes d'apport</i>) and share premiums (<i>Primes d'émission</i>) after allocation:	EUR 812,698,547
- Other reserves (formerly, the legal reserve) after allocation:	EUR 53,386,435
	TOTAL
	EUR 1,114,317,680

(*) *Basic amount, given the number of existing shares as acknowledged by the Board at its meeting of March 4, 2014 (i.e. 191,980,457 shares) and after deduction of the number of treasury shares as of December 31, 2013 (i.e. 7,343,237 treasury shares)*

For the fiscal year ended December 31, 2013, you are therefore asked to approve the distribution of a dividend of one euro and thirty cents (EUR 1.30) per existing share with entitlement thereto on the basis of their effective date.

The dividend ex-date will be May 12, 2014 and payment will be made on May 15, 2014.

In so far as:

- (i) the treasury shares held by the Company are liable to fluctuate, either up or down, up until the dividend payment date, given the share buy-back program currently underway,
- (ii) the periods for the exercise of share subscription plans put in place in 2003, 2004, 2005, 2006, 2007, 2008, 2009 and 2010 are currently on-going and therefore options are liable to be exercised between the date of this report and the payment of the dividend, and where
- (iii) the Contingent Capital program put into place by your Company with UBS on December 20, 2013, taking the form of stock warrants issued in favor of the latter, may lead, during the coverage period, to the issuance of new shares in the event of the occurrence of trigger events as defined by contract,

it is impossible to know, either today or on the date of the General Shareholders' Meeting, the exact number of shares that will comprise the share capital and give entitlement to payment of the dividend as of the date on which the dividend will be made available for payment.

This is why the basic amount of dividend to be paid placed for approval before the General Meeting is calculated in view of the number of shares comprising the share capital of the Company as acknowledged by the meeting of the Board of March 4, 2014 on the basis of known values as of December 31, 2013, i.e. 191,980,457 ordinary shares, minus the 7,914,819 treasury shares held by

the Company as of December 31, 2013. This dividend will therefore be, if applicable, reduced by amounts corresponding to treasury shares that might be acquired by the Company before payment of the dividend and increased by the additional amounts necessary for the payment of the dividend per share proposed above on each (i) treasury share that might have been re-sold in the market and (ii) new share potentially issued by the Company before payment of the dividend further to the exercise of:

- share subscription options, *i.e.* a maximum of 4,634,668 ordinary shares,
- securities granting access to the Company's share capital, *i.e.* given the number of securities granting access to the Company's share capital currently in circulation (*i.e.* the stock warrants issued in December 2013 in favor of UBS), a maximum of 25,390,466² ordinary shares;

That is to say, a theoretical maximum global dividend amount for 2013 equal to EUR 288,607,268³.

Therefore, prior to the payment of the dividend, the Company will acknowledge:

- the number of treasury shares held by the Company; and
- the number of additional shares that would actually have been issued due to the exercise, by their beneficiaries, of share subscription options or securities granting access to the Company's capital before the record date and entitled to the dividend pursuant to their date of entitlement.

You are therefore being asked to decide that if, on the date of payment of the dividend, the amount thereof is different from the total dividend amount above, (i) the sum equal to the balance of the unpaid dividend will be credited to the "retained earnings", or (ii) the sum equal to the balance of the dividend payable will be deducted in priority from the distributable profit for the fiscal year ended December 31, 2013 and, if applicable, for the remaining balance, from the "contribution premiums and share premiums."

For your information, since July 1st, 2012, the social security contributions due on dividends have been increased to 15.5%.

Finally, you, the shareholders, are being asked to approve the Company's consolidated financial statements for the fiscal year ended December 31, 2013 and the transactions recorded in such accounts, as set forth in the Board report on the management of the SCOR group (the "**Group**" - as included in the 2013 Registration Document) and in the Statutory Auditors' report on the consolidated financial statements, which show a net consolidated profit for the Group of EUR 548,707,827.

2. Approval of the agreements referred to in the Statutory Auditors' special report pursuant to Articles L. 225-38 et seq. of the French Commercial Code (4th resolution)

You, the shareholders, are being asked to acknowledge the conclusions of the Statutory Auditors' special report with respect to the agreements referred to in Article L. 225-38 of the French Commercial Code and to approve the agreements executed in the course of the fiscal year ended 2013, which agreements are referred to in such report.

In this respect, we would like to draw your attention to the fact that, according to the terms of the internal operating rules of the Board, the accounts and audit committee (the "**Accounts and Audit Committee**") and also the compensation and nominations committee (the "**Compensation and Nominations Committee**") have reviewed on a regular basis the terms and conditions of the related-party agreements executed during the course of the fiscal year ended December 31, 2013.

² Theoretical maximum number of new shares to be issued in the event of the exercise of all of the warrants and where the issuance price for the new shares would be equal to their par value (excluding any share premium), given the SCOR share price as of the date of exercise of the warrants.

³ Not taking into account treasury shares

SAY ON PAY

3. Opinion on factors comprising the remuneration due or allocated for the fiscal year ended December 31, 2013 to Mr. Denis Kessler as Chief Executive Officer (5th resolution)

In accordance with the AFEP-MEDEF code of corporate governance as revised in June 2013, the Board of Directors must from now on, each year, present to you, the shareholders, as part of the annual ordinary general shareholders meeting, the factors comprising the remuneration due or allocated for the past fiscal year to each executive director (*dirigeant-mandataire social*). This presentation is then the subject of a consultative vote by the shareholders.

Please note on reading this table that the Board of Directors and the executives of the Company have for many years taken great care to ensure full and total transparency as to the factors comprising the remuneration paid to the Chief Executive Officer, which feature in full in the registration document. The new recommendation featured in the AFEP-MEDEF code of corporate governance has led the Company to summarize these factors in a concordance table.

BOARD OF DIRECTORS/STATUTORY AUDITORS

4. Determination of the amount of the directors' attendance fees envelope (6th resolution)

We would like to remind you that the maximum envelope for directors' attendance fees (*jetons de presence*) has remained unchanged since April 28, 2010, date on which the Company's Shareholders' Meeting approved a 20% increase to nine hundred sixty thousand Euros (EUR 960,000) per fiscal year, and that, since such date, the number of meetings of the Board and of its committees has increased, in particular due to the endogenous growth of the Company (the total of the consolidated balance sheet having increased from EUR 28.7 billion as of December 31, 2010 to EUR 34.61 billion as of December 31, 2013), to external growth transactions, in an economically and financially complex context, and to the increasing onerousness of regulatory constraints.

We are therefore proposing to you, in accordance with Article L. 225-45 of the French Commercial Code, to set at one million one hundred fifty-two thousand Euros (EUR 1,152,000) per fiscal year the maximum envelope for directors' attendance fees (*jetons de presence*) that may be shared between the members of the Board of Directors, in accordance with the detailed calculation methods to be defined by the Board of Directors, effective from the fiscal year ending December 31, 2013.

The Board notes it has made a commitment, according to which the payment calculation methods that it will determine for the annual envelope of attendance fees will, as in the past, take into account members' actual attendance at meetings of the Board and, if applicable, of its committees. The structure governing attendance fees will remain unchanged for fiscal year 2014.

5. Renewal of the appointment of the director representing the employees (7th resolution)

The appointment of Mr. Kevin J. Knoer, director, will reach its term at the next General Shareholders' Meeting.

The appointment of the company Picarle et Associ s (Alternate Statutory Auditors to the firm EY Audit) will expire at the end of your General Shareholders' Meeting. 2014-2015 SHARE BUY-BACK PROGRAM

7. Implementation of a share buy-back program by the Company (12th resolution)

You, the shareholders, are, as each year, being asked to authorize the Board, under the conditions provided for by law, to acquire and sell, on behalf of the Company, Company shares pursuant, *inter alia*, to the provisions of Articles L. 225-209 *et seq.* of the French Commercial Code, to European Commission Regulation No. 2273/2003 of December 22, 2003 and to the General Regulation (*Règlement Général*) of the French Financial Markets Authority (*Autorité des marchés financiers*).

The maximum number of shares that could be repurchased thereby would be capped at 10% of the number of shares comprising the Company's share capital as of the date of such purchases, it being specified that (i) when the shares are potentially bought back to enhance liquidity of the stock in accordance with the conditions set forth in the General Regulation (*Règlement Général*) of the French Financial Markets Authority (*Autorité des marchés financiers*), the number of shares taken into account for the calculation of the 10% limit would correspond to the number of shares purchased, after deduction of the number of shares resold during the period covered by the authorization, and (ii) the number of treasury shares would be taken into account so that the Company never holds treasury shares in excess of 10% of its share capital.

Such transaction could be effected for any purposes permitted or which would become authorized by the applicable laws and regulations, and in particular (but not restricted to) in view of the following objectives:

- 1) provision of liquidity on the secondary market of the Company's shares by an investment service provider through a liquidity contract in accordance with a code of practice recognized by the French Financial Markets Authority (*Autorité des marchés financiers*);
- 2) establishment, implementation or hedging of any stock option plans, other plans for allocation of shares and, more generally, of any form of allocation to employees and/or corporate officers (*mandataires sociaux*) of the Company and/or of affiliated companies, including hedging of any Company stock option plan pursuant to the provisions of Articles L. 225-177 *et seq.* of the French Commercial Code, allocation of Company free shares in the context of the provisions of Articles L. 225-197-1 *et seq.* of the French Commercial Code, allocation of Company shares pursuant to the profit sharing scheme (*participation aux fruits de l'expansion de l'entreprise*) or allocation or transfer of the Company's shares within the framework of any employee savings plan (*plan d'épargne salariale*), including in the context of the provisions of Articles L. 3321-1 *et seq.* and L. 3332-1 *et seq.* of the French Labor Code;
- 3) acquisition of the Company's shares for retention and subsequent remittance in exchange or as a payment, in particular in the context of financial or external growth transactions, without exceeding the limit provided for in paragraph 6 of Article L. 225-209 of the French Commercial Code in the context of a merger, spin-off or contribution; for your information, this limit is currently set at 5%;
- 4) compliance with all obligations related to the issuance of securities granting access to capital;
- 5) cancellation of any shares repurchased, within the limits established by law, in the context of a reduction in share capital approved or authorized by you, the shareholders, in the context of the General Meeting.

In this context, you are being asked to resolve that such transactions may be effected, under the conditions authorized by the stock exchange authorities, by any means, in particular on a regulated market, on a multilateral trading facility, via a systematic internalizer or over-the-counter, including, *inter alia*, by the acquisition or sale of blocks, by the use of derivative financial instruments traded on a

regulated stock exchange or over-the-counter, or by the implementation of optional strategies and, if applicable, by any third party authorized for such purpose by the Company.

You, the shareholders, are also being asked:

- to resolve that such transactions may be effected at any time except during any period of public offering on the Company, in accordance with applicable regulations, and
- to set the maximum purchase price at thirty-five euros (EUR 35) per share (excluding acquisition fees); for your information, pursuant to Article R. 225-151 of the French Commercial Code, on the basis of this maximum purchase price and of the Company's share capital (excluding the number of shares already held by the Company), the hypothetical maximum amount allocated to the share buy-back program would thereby amount to EUR 671,931,600⁵ (excluding acquisition fees).

This authorization would be granted for a period which would expire at the next General Shareholders' Meeting held for the approval of the financial statements without, however, exceeding a maximum term of eighteen (18) months as of the date of the General Meeting, *i.e.* up until November 6, 2015, and would render ineffective, as of the date of the adoption of this resolution, the unused portion of the authorization granted by you, the shareholders, via the eleventh resolution approved at the General Shareholders' Meeting of April 25, 2013.

FINANCIAL AUTHORIZATIONS

In accordance with the legal and regulatory provisions applicable in terms of financial authorizations and share capital increases, the Board has provided you with an account of its corporate affairs during the course of the 2013 fiscal year and since the start of the 2014 fiscal year within its management report, included in the 2013 Registration Document filed on March 5, 2014 with the French Financial Markets Authority (*Autorité des marchés financiers*) and published and placed at your disposal in accordance with the legal and regulatory provisions in force, including on the Company's website www.scor.com.

The purpose of all of the financial authorizations being submitted to you as described below is to ensure the Company a certain degree of flexibility (via the cancellation, if applicable, of shareholders' preferential subscription rights), heightened rapidity and faculties for reacting to market opportunities by allowing the Board to choose, including with regard to market conditions, the best adapted methods for the financing, protection and development of the Group, including in the context of the implementation of its new "Optimal Dynamics" strategy plan.

The implementation of any one of said authorizations would, if applicable, be decided by the Board which would then draw up an additional report addressed to you, describing the definitive terms and conditions for the transaction, established in accordance with the authorization granted to the Board. Should the Board decide, in accordance with the delegation of authority proposed to it, to sub-delegate to the Chief Executive Officer (*Directeur général*) the powers and authority thereby received under the applicable legal and regulatory conditions, then this report would be drawn up by the Chief Executive Officer (*Directeur général*).

In any case, your Statutory Auditors would, in the same case, draw up additional reports addressed to you.

This year, the Board is asking you, the shareholders, at the General Shareholders' Meeting, to renew the resolutions approved in 2013.

1. Delegation of authority for the purpose of determining to increase the share capital via the incorporation of profits, reserves or premiums (14th resolution)

You, the shareholders, voting on an extraordinary basis in the context of the General Meeting, are being asked to delegate your authority to the Board for the purpose of resolving to effect one or several increases in the share capital by the incorporation into the share capital of all or part of the profits, reserves or premiums whose capitalization would be allowed by law and the Company's by-laws. For your information, as of the date on which the General Shareholders' Meeting is held, all reserves are admissible for capitalization (excluding the special investment reserve), subject to all charges having been recorded in the financial statements.

The increase or increases in share capital could be carried out in the form of an allocation of free ordinary shares or an increase in the par value of existing shares.

The nominal amount of the increase or increases in share capital resulting from the incorporation of profits, reserves or premiums carried out by the Board by virtue of this delegation may not exceed a maximum nominal amount of two hundred million euros (EUR 200,000,000).

The increase or increases in share capital effected pursuant to this delegation would be deducted from the ceiling on the aggregate share capital increase set in the twenty-sixth resolution submitted to you, the shareholders, for approval, in the context of the General Meeting it being however noted that this type of increase in share capital, by its very nature, does not have a dilutive effect on existing shareholders.

This delegation of authority would be granted to the Board for a term of twenty-six (26) months starting from the date of the General Meeting, *i.e.* until July 6, 2016. It would render ineffective, as of the date of the approval of the resolution, any previous delegation having the same purpose. As required, please note that if this draft resolution were to be rejected, the authorization granted to the Board of Directors by the thirteenth resolution approved at the April 25, 2013 General Shareholders' Meeting would be implemented until the expiration of its initial term.

2. Delegation of authority for the purpose of deciding on the issuance of ordinary shares and/or securities, without cancellation of shareholder preferential subscription rights (15th resolution)

You, the shareholders, voting on an extraordinary basis in the context of the General Meeting, are being asked to delegate authority to the Board for the purpose of making determinations with respect to the issuance of ordinary shares in the Company with a par value of EUR 7.8769723 each (the "**Ordinary Shares**") and/or of securities granting access to the Company's capital (the "**Securities Granting Access to Capital**") or giving a right to any other type of debt instrument of the Company (together with the Securities Granting Access to Capital, the "**Securities**"), without cancellation of the shareholders' preferential subscription rights.

Shareholders would have the right to exercise, under the conditions defined by law, their automatic preferential subscription right (*à titre irréductible*) to the Ordinary Shares and/or Securities Granting Access to Capital whose issuance would be approved by the Board pursuant to this delegation. In addition, the Board could institute in favor of the shareholders a right to subscribe on a contingent basis (*à titre réductible*) for the Ordinary Shares and/or Securities Granting Access to Capital thereby issued, which would be exercised in direct proportion to their respective rights and pursuant to their respective requests. After the expiration of the subscription period, if the issuance were not fully subscribed, the Board would have the right to use, in the order it deems appropriate, all or a portion of the measures defined by the provisions of Article L. 225-134 of the French Commercial Code. For your information, as of the date of the General Shareholders' Meeting, such measures are as follows: (i) to limit the amount of the subscriptions; (ii) to allocate freely all or part of the shares not subscribed for; and (iii) to make a public offering of all or part of the shares not subscribed for.

The increase or increases in share capital that may be realized by the Board pursuant to this delegation of authority may not give rise to the issuance of a number of Ordinary Shares in excess of seventy-six million, one hundred seventy-one thousand, three hundred and ninety-nine (76,171,399) Ordinary Shares, *i.e.*, a maximum nominal amount for the share capital increase of five hundred

ninety-nine million, nine hundred ninety-nine thousand, nine hundred ninety-nine euros and ninety-eight cents (EUR 599,999,999.98).

Moreover, the maximum nominal value of the Securities representing debt instruments issued pursuant to this delegation of authority may not exceed seven hundred million euros (EUR 700,000,000) or the counter-value thereof in euros as of the date of the determination to effect the issuance, it being stipulated that such amount does not include any above-par reimbursement premiums, if any were provided for.

The issuance or issuances realized pursuant to this delegation would be deducted from the ceiling on the aggregate share capital increase set in the twenty-sixth resolution submitted to you, the shareholders, in the context of the General Meeting, for approval.

It is specified, as necessary, that this delegation would have no impact whatsoever upon the capacity of the Board to decide to issue simple subordinated or non-subordinated debt securities (such as, *inter alia*, undated deeply-subordinated notes (*TSSD/s*) or any other type of non-composite bonds), including for amounts in excess of the issuance ceiling referred to above.

The subscription price of the Ordinary Shares or Securities Granting Access to Capital issued pursuant to this delegation of authority would be determined by the Board (or by the Chief Executive Officer (*Directeur général*) in the event of sub-delegation) and communicated to the shareholders in the supplemental report drawn up at the time of the implementation or implementations of this delegation.

This delegation of authority would be granted to the Board for a term of twenty-six (26) months starting from the date of the General Meeting, *i.e.* until July 6, 2016. It would render ineffective, as of the date of the approval of the resolution, any unused portion of a previous delegation having the same purpose. As required, please note that if this draft resolution were to be rejected, the authorization granted to the Board of Directors by the fourteenth resolution approved at the April 25, 2013 General Shareholders' Meeting would be implemented until the expiration of its initial term.

3. Delegation of authority for the purpose of deciding on the issuance, in the context of a public offering, of ordinary shares and/or of securities, with cancellation of shareholders' preferential subscription rights (16th resolution)

You, the shareholders, voting on an extraordinary basis in the context of the General Meeting, are being asked to delegate authority to the Board for the purpose of deciding upon the issuance, in the context of a public offering, of Ordinary Shares and/or of Securities, with cancellation of the shareholders' preferential subscription rights.

In any case, the Board would confer upon the shareholders a priority subscription right in proportion to the number of their shares, to be exercised during a period of at least five (5) trading days. The Board could in addition decide to accompany such priority subscription right by an option to subscribe on a contingent basis (*à titre réductible*), allowing the existing shareholders to subscribe for any shares not already subscribed for by the other shareholders. Upon the expiration of the priority period, if the issuance has not been fully subscribed, the Board would be free to use, in the order or its choosing, all or part of the measures defined by the provisions of Article L. 225-134 of the French Commercial Code. For your information, as of the date of the General Shareholders' Meeting, such measures are as follows: (i) to limit the amount of the subscriptions; (ii) to allocate freely all or part of the shares not subscribed for; and (iii) to make a public offering of all or part of the shares not subscribed for.

The increase or increases in share capital that may be realized by the Board pursuant to this delegation of authority should not give rise to the issuance of a number of Ordinary Shares in excess of nineteen million, two hundred fifty-four thousand, six hundred twenty (19,254,620), *i.e.* a total nominal amount (excluding share premiums) of one hundred fifty one million, six hundred sixty-eight thousand, one hundred eight euros and thirty nine cents (EUR 151,668,108.39).

In addition, the maximum nominal amount of the Securities representing debt instruments issued pursuant to this delegation of authority may not exceed five hundred million euros (EUR 500,000,000) or the counter-value in euros as of the date of the determination to effect the issuance, it being

stipulated that such amount does not include any above-par reimbursement premiums, if any were provided for.

The issuance or issuances realized pursuant to this delegation would be deducted from the ceiling on the aggregate share capital increase set in the fifteenth resolution submitted to you, the shareholders, in the context of the General Meeting, for approval.

It is specified, as necessary, that this delegation would have no impact whatsoever upon the capacity of the Board to decide to issue simple subordinated or non-subordinated debt securities (such as, in particular, undated deeply-subordinated notes (*TSSDs*) or any other type of non-composite bonds), including for amounts in excess of the issuance ceiling referred to above.

The issuance price of the Ordinary Shares issued or of the Securities Granting Access to Capital which could entitle the holder to such Ordinary Shares issued pursuant to this delegation would be established by the Board in accordance with the applicable law and should be at least equal to the volume-weighted average price for the three (3) trading days preceding the date of its establishment, possibly reduced by a maximum discount of 5%. This issuance price would be disclosed to the shareholders in the supplemental report established upon the implementation or implementations of this delegation.

This delegation of authority would be granted to the Board for a term of twenty-six (26) months starting from the date of the General Meeting, *i.e.* until July 6, 2016. It would render ineffective, as of the date of the approval of the resolution, any unused portion of a previous delegation having the same purpose. As required, please note that if this draft resolution were to be rejected, the authorization granted to the Board of Directors by the fifteenth resolution approved at the April 25, 2013 General Shareholders' Meeting would be implemented until the expiration of its initial term.

4. Delegation of authority for the purpose of deciding upon the issuance, in the context of an offer referred to in part II of Article L. 411-2 of the French Monetary and Financial Code, of Ordinary Shares and/or Securities, with cancellation of shareholders' preferential subscription rights (17th resolution)

You, the shareholders, voting on an extraordinary basis in the context of the General Meeting, are being asked to delegate authority to the Board for the purpose of deciding upon the issuance, in the context of an offer referred to in part II of Article L. 411-2 of the French Monetary and Financial Code, of Ordinary Shares and/or Securities, with cancellation of the shareholders' preferential subscription rights.

An offer referred to in part II of Article L. 411-2 of the French Monetary and Financial Code is an "*offer addressed exclusively to those providing portfolio management investment services on behalf of third parties or to qualified investors or to a restricted circle of investors, subject to such investors acting on their own account.*"

The increase or increases in share capital that may be realized by the Board pursuant to this delegation of authority may not give rise to the issuance of a number of Ordinary Shares representing, in total nominal amount, more than 10% of the Company's total share capital at the date of issuance.

In addition, the maximum nominal amount of the Securities representing debt instruments issued pursuant to this delegation of authority may not exceed five hundred million euros (EUR 500,000,000) or the counter-value in euros as of the date of the determination to effect the issuance, it being stipulated that such amount does not include any above-par reimbursement premiums, if any were provided for.

The issuance or issuances realized pursuant to this delegation would be deducted from the ceilings set in the sixteenth resolution submitted to you, the shareholders, in the context of the General Meeting, for approval.

It is specified, as necessary, that this delegation would have no impact whatsoever upon the capacity of the Board to decide to issue simple subordinated or non-subordinated debt securities (such as, in particular, undated deeply-subordinated notes (*TSSDs*) or any other type of non-composite bonds), including for amounts in excess of the issuance ceiling referred to above.

The issuance price of the Ordinary Shares issued or to which the Securities Granting Access to the Share Capital issued pursuant to this delegation could entitle the holder would be set by the Board in accordance with the applicable law and should be at least equal to the weighted average trading price over the three (3) trading days preceding the date of its setting, possibly reduced by a maximum discount of 5%. This issuance price would be disclosed to the shareholders in the supplemental report established during the implementation or implementations of this delegation.

This delegation of authority would be granted to the Board for a term of twenty-six (26) months starting from the date of the General Meeting, *i.e.* until July 6, 2016. It would render ineffective, as of the date of the approval of the resolution, any previous delegation having the same purpose. As required, please note that if this draft resolution were to be rejected, the authorization granted to the Board of Directors by the sixteenth resolution approved at the April 25, 2013 General Shareholders' Meeting would be implemented until the expiration of its initial term.

5. Delegation of authority for the purpose of deciding upon the issuance of Ordinary Shares and/or Securities with cancellation of shareholders' preferential subscription rights as consideration for shares tendered to the Company in the context of any public exchange offer launched by the Company (18th resolution)

You, the shareholders, voting on an extraordinary basis in the context of the General Meeting, are being asked to delegate authority to the Board for the purpose of deciding upon the issuance of Ordinary Shares and/or Securities as consideration for shares tendered to any public offer including an exchange offer in accordance with the terms established by Article L. 225-148 of the French Commercial Code (or any other transaction having the same effect, including an Anglo-Saxon type reverse merger or scheme of arrangement).

The increase or increases in share capital that may be realized by the Board in the context of any public exchange offer (or any other transaction having the same effect) initiated by the Company pursuant to this delegation may not give rise to the issuance of a number of Ordinary Shares in excess of nineteen million, two hundred fifty-four thousand, six hundred twenty (19,254,620), *i.e.* a total nominal amount (excluding share premiums) of one hundred fifty one million, six hundred sixty-eight thousand, one hundred eight euros and thirty nine cents (EUR 151,668,108.39).

Furthermore, the maximum nominal value of the Securities representing debt instruments issued pursuant to this delegation of authority may not exceed five hundred million euros (EUR 500,000,000) or the counter-value in euros as of the date of the determination to effect the issuance, it being stipulated that such amount does not include any above-par reimbursement premiums, if any were provided for.

The issuances of Ordinary Shares and/or of Securities realized pursuant to this delegation would be deducted from the ceilings set in the sixteenth resolution submitted to you, the shareholders, in the context of the General Meeting, for approval and would require the waiver by the Company's shareholders of their preferential subscription rights in favor of the holders of said instruments.

The issuance price of the Ordinary Shares and/or of Securities issued pursuant to this delegation would be set in accordance with applicable legal and regulatory provisions.

This delegation would be granted to the Board for a term of twenty-six (26) months starting from the date of the General Meeting, *i.e.* until July 6, 2016, and would render ineffective, as of the date of the approval of the resolution, any previous delegation having the same purpose. As required, please note that if this draft resolution were to be rejected, the authorization granted to the Board of Directors by the seventeenth resolution approved at the April 25, 2013 General Shareholders' Meeting would be implemented until the expiration of its initial term.

6. Delegation of authority for the purpose of deciding upon the issuance of Ordinary Shares and/or Securities as consideration for shares contributed to the Company in the context of contributions in kind capped at 10% of its share capital without preferential subscription right (19th resolution)

You, the shareholders, voting on an extraordinary basis in the context of the General Meeting, are being asked to delegate to the Board the powers necessary to proceed, subject to the limit of 10% of the Company's share capital, with the issuance of Ordinary Shares and/or of Securities Granting Access to Capital, as consideration for contributions in kind granted to the Company and consisting of shares (*titres de capital*) or securities granting access to share capital, when the provisions of Article L. 225-148 of the French Commercial Code do not apply.

The issuances of Ordinary Shares and/or of Securities Granting Access to Capital effected pursuant to this delegation would be deducted from the ceilings referred to in the sixteenth resolution submitted to you, the shareholders, in the context of the General Meeting, for approval and would require the waiver by the Company's shareholders of their preferential subscription rights in favor of the holders of said instruments.

The issuance price of the Ordinary Shares and/or Securities Granting Access to Capital issued pursuant to this delegation would be set in accordance with the applicable legal and regulatory provisions.

This delegation would be granted to the Board for a term of twenty-six (26) months starting from the date of the General Meeting, *i.e.* until July 6, 2016. It would render ineffective, as of the date of the approval of the resolution, any previous delegation having the same purpose. As required, please note that if this draft resolution were to be rejected, the authorization granted to the Board of Directors by the eighteenth resolution approved at the April 25, 2013 General Shareholders' Meeting would be implemented until the expiration of its initial term.

7. Authorization to increase the number of shares to be issued in the event of a share capital increase with or without the cancellation of preferential subscription rights (20th resolution)

You, the shareholders, voting on an extraordinary basis in the context of the General Meeting, are being asked to authorize the Board, in the event of an increase of the share capital of the Company, with or without the cancellation of preferential subscription rights, to increase the number of shares to be issued, within the deadlines and limits determined by the laws and regulations applicable on the issuance date (currently within thirty days following the close of subscriptions, and capped at 15% of the initial issuance, at the same price adopted for the initial issuance) and subject to compliance with the specific ceiling established by the resolution on the basis of which the initial issuance was approved and with the aggregate ceiling provided for in the twenty-sixth resolution submitted to you, the shareholders, for your approval in the context of the General Meeting, in particular with a view to granting an over-allocation option in accordance with current market practice.

We would like to draw your attention to the fact under no circumstances shall such authorization effect any increase or breach of the specific applicable ceilings or of the global ceiling on authorizations to be set by you, the shareholders, in the context of the General Meeting.

This authorization would be granted to the Board for a term of twenty-six (26) months starting from the date of the General Meeting, *i.e.* until July 6, 2016. As required, please note that if this draft resolution were to be rejected, the authorization granted to the Board of Directors by the nineteenth resolution approved at the April 25, 2013 General Shareholders' Meeting would be implemented until the expiration of its initial term.

8. Delegation of authority for the purpose of issuing securities granting access to the Company's share capital, with cancellation of preferential subscription rights, reserved for one category of entities, ensuring the underwriting of the Company's equity securities (21st resolution)

You, the shareholders, voting on an extraordinary basis in the context of the General Meeting, are being asked to delegate your authority to the Board of Directors to resolve whether to carry out one or several issuances of Securities Granting Access to Capital of the Company having the characteristics of warrants (*bons*) (hereinafter designated "**Warrants**") which would (under terms and conditions to be contractually defined) in particular make it mandatory (i) for their holders to proceed with their exercise and subscribe for new Ordinary Shares if the Company, in its capacity as an insurance or reinsurance company, were to need to cover the consequences of a natural or non-natural catastrophe-type event liable to have a significant impact on the profitability or on the solvency of the Group, as described below, and (ii) for the Company to notify the holders of the occurrence of a triggering event of this kind, in order to draw on this or these facilities for the contingent issuance of Ordinary Shares, allowing the Company to automatically have additional capital at its disposal;

As announced in the "*Optimal Dynamics*" strategic plan published by the Company in September 2013, this would allow your Company to be endowed with the means to implement one or several financial coverage programs similar to those put in place in 2010, 2012 (that reached its term on December 31, 2013) and in 2013 (effective January 1, 2014), taking the form of multi-year contract(s) with one or several leading financial intermediaries. This program or programs would have the purpose of protecting your Company against losses caused by certain events liable to have a significant impact upon its solvency or profitability. This mechanism would provide the Company with additional coverage of a maximum of two hundred million euros (EUR 200,000,000) in equity capital. It would allow the Company to benefit from one or several automatic increases in its share capital in the event of the occurrence of certain events, including natural and non-natural catastrophe-type events as described below.

This innovative contingent capital solution, the effectiveness of which has been repeatedly evidenced since its launch by SCOR in 2010, allows the Group to diversify its methods of protection and its counterparties, in accordance with the objectives announced in the "*Optimal Dynamics*" strategic plan, it constitutes a competitive alternative in terms of costs to traditional retrocession arrangements and to the issuance of insurance linked securities, and improves the solvability shield strategy put in place by SCOR. Please note that the ratings agencies issued favorable quantitative and qualitative assessments of all of the programs implemented in 2010, in 2012 and at present in 2013. In any case, the implementation of any new program in the context of this authorization would be subject to a prior favorable assessment by the ratings agencies.

The maximum number of new Ordinary Shares that could result from the exercise of the Warrants would amount to 25,390,466 and the total nominal value of the corresponding share capital increases would be deducted from the specific ceiling set in the twenty-sixth resolution submitted to you, the shareholders, in the context of the General Meeting, for approval.

If no Triggering Event (as defined below) were to occur, no new SCOR shares would be issued in the context of these programs.

The Warrants would be wholly subscribed for by one or several beneficiaries chosen by the Board of Directors from a category of entities satisfying the following characteristics: financial establishments authorized to provide the investment services set forth in paragraph 6-1 of Article L. 321-1 of the French Monetary and Financial Code, which entities had agreed to act as underwriters for the Company's equity securities, it being specified that, if applicable, the financial establishment may be a single entity and that such entity or entities would not necessarily be intended to retain any interest in the Company's share capital and could, if applicable, re-sell the new Ordinary Shares thereby subscribed by way of private placements and/or sale on the open market.

The subscription price per unit of the Warrants would reflect the total inability of the holder or holders to exercise such warrants at their own initiative. Such subscription price would be zero point zero zero one euro (EUR 0.001).

The financing will be available in the form of individual tranches, none of which may exceed one hundred million euros (EUR 100,000,000), including any share premium, triggered automatically but only when a Group entity, as an insurer or reinsurer, is faced with a need to cover the consequences of natural or non-natural catastrophic events liable to have a significant impact on the profitability or on the solvency of the Group (a "**Triggering Event**"), which may in particular (but not restricted to) include one or several of the following events when such events occur during the lifetime of the Warrants (*i.e.* a maximum of four (4) years):

- any "Storm," in particular, any gale, cyclone, hurricane, typhoon, tornado, blizzard, ice storm, high wind, rainstorm, strong gusts of wind;
- any "Earthquake," *i.e.* any shock or vibrations occurring on the surface of the earth (including undersea areas) and resulting from a sudden movement in the earth's crust, from the rupture of a fault or a fault segment (tectonic seismic activity) and/or from the intrusion or release of gas from magma (volcanic seismic activity) and/or from any natural explosion and/or natural collapse of a cavity (naturally-occurring seismic activity);
- any "Flood," *i.e.* any temporary coverage of the land by water resulting from water breaking out from its habitual limits or from heavy rains, including in particular rainwater or any bursting of riverbanks or sudden flood surges ;
- any "Fire," *i.e.* any bush fire, forest fire or fire caused by lightning strike of an exceptional scale;
- any other catastrophe-type event with non-natural causes, such as in particular acts of war, acts of terrorism, a major pandemic (*i.e.* above-average incidence or spread of one or more infectious diseases), etc.; or
- any material deviation from forecast biometric trends (mortality, morbidity, disability or longevity);

in a geographical area covered for the Triggering Event in question.

In addition, as in the previous programs, it could be anticipated that if the price of the Ordinary Shares listed on Euronext Paris were to fall below a level to be contractually defined, an automatic draw down of a tranche in an amount not in excess of one hundred million euros (EUR 100,000,000), including any share premium, would be available to provide coverage, in particular in the event of the occurrence of a Triggering Event.

If such event occurs, it would be mandatory (under conditions to be contractually defined) for the Warrants to be exercised by the holder or holders who would thereby subscribe for new Ordinary Shares, the unit price of which would be determined on the basis of the volume-weighted average price of Ordinary Shares observed traded on Euronext Paris over the three (3) trading days immediately preceding the exercise of the Warrants, after application of a discount of no more than 10%, it being specified that this level of discount would not necessarily apply to all cases of automatic drawing. Such discount is justified by the automatic nature of the drawings and by the guarantee thereby provided to the Company of being able to dispose of the product generated by the corresponding issuance in case of need for coverage.

Please note that, in any case, as from notification of the occurrence of a Triggering Event made by the Company to the holder(s) of the Warrants and up until the exercise of the Warrants, said holder(s) would be prohibited from carrying out any hedging transactions on the SCOR shares, except for any usual transactions agreed independently in the context of said holder(s) banking and brokerage activities.

This authorization would be granted to the Board of Directors for a term of eighteen (18) months starting from the date of the General Meeting, *i.e.*, until November 6, 2015.

9. Authorization for the reduction of the share capital by the cancellation of treasury shares (22nd resolution)

You, the shareholders, voting on an extraordinary basis in the context of the General Meeting, are being asked to authorize the Board to carry out a reduction of the share capital by the cancellation of shares acquired in the context of the share buy-back program, in accordance with the provisions of Articles L. 225-209 *et seq.* of the French Commercial Code.

No more than 10% of the shares comprising the Company's share capital over any period of twenty-four months (24) may be cancelled by the Company by virtue of this authorization.

This authorization would be granted to the Board for a term of eighteen (18) months starting on the date of the General Shareholders' Meeting, *i.e.* up until November 6, 2015, and would render ineffective, as of the date of the approval of the resolution, any unused portion of the authorization granted by you, the shareholders, via the twenty-first resolution approved at the April 25, 2013 General Shareholders' Meeting. As required, please note that if this draft resolution were to be rejected, the authorization granted to the Board of Directors by the twenty-first resolution approved at the April 25, 2013 General Shareholders' Meeting would be implemented until the expiration of its initial term.

HUMAN RESOURCES POLICY

SCOR's human resource policy is based on the Group's corporate values.

These corporate values reflect the Group's commitment with regard to its principal stakeholders, *i.e.*, its shareholders, clients, employees and the company as a whole.

They include:

- profitability, related to transparency, coherence, responsibility and credibility;
- expertise, related to quality, confidence, innovation, commitment and integrity;
- operational excellence, related to fair competitive practices, mobility, leadership and the capacity to anticipate;
- increasing responsibility, *i.e.*, equality of opportunity, diversity, respect, loyalty, professional training, partnership and team spirit;
- durability, *i.e.*, involvement, responsibility, sustainable development, scientific progress and openness.

SCOR's human resources policy, which main purpose is to support the three-year "*Optimal Dynamics*" plan, is of peculiar importance considering the essential place held by human resource within SCOR's business model. Indeed:

- generally speaking, reinsurance companies' personnel costs are relatively low compared with premium volumes, but the contribution made by the staff cannot be replaced by financial capital or equipment capital: this is why human resources management (and remuneration policy) is crucial; the Group generates a turnover of over 10.25 billion euros with just 2,450 employees;
- the cyclical nature of our business leads to a fairly important gap between the moment when a decision is made (for example, risk pricing) and the actual financial consequences of such decision (profit or loss): it is very difficult to assess the scope of a decision, in particular in the short term; stock-based remuneration instruments allow the interests of our teams to be brought into line with those of our shareholders;
- most reinsurance transactions require skills coming from several disciplines, in particular, legal, technical, employment, social, economic or others, and SCOR is comprised of a group of specialists in the areas of risk pricing, finance, investment, risk management, information technology, actuarial science, control, etc. Team work (project development implying skills synergy) and reciprocal monitoring are essential. The risk management takes an essential

place; each employee is assigned each year to a specific goal as per risk management in their daily activities. SCOR's teams are made up, to a greater extent than within the average financial institution, of highly qualified specialists and experts whose presence and loyalty require the implementation of incentive programs, in particular via specific performance share and stock option plans;

- the job market open to these specialists is relatively narrow and broken down over just a few sites worldwide.

As a result of the foregoing, in direct proportion to staff numbers, the size of the authorizations necessary (in terms of compensation policy) is greater than the average found within financial institutions; however, we should emphasize that the size of these authorizations is, in proportion to SCOR's share capital, in line with the average size of the authorizations in force within these institutions.

More specifically, in terms of compensation policy:

- SCOR takes an aggregate and global view of remuneration. For all the Group employees, remuneration consists of several factors: a fixed and a variable part, one part paid immediately and another at a future date, one part on an individual basis and one on a collective basis. These factors include basic pay, annual bonuses and, as the case may be, shares and stock options and other benefits as applicable.
- the Group's remuneration policy favors performance shares and stock options over variable cash remuneration as this allows a better alignment to be achieved between the interests of members of staff and those of the shareholders. The proportion of the bonus and of performance shares and stock options remain relatively low as a percentage of the total payroll.
- remuneration instruments based on performance shares and stock options are therefore key elements in the exercise of this business and the resolutions permitting these instruments to be implemented comply with the following rules:
 - at SCOR, the size of the authorizations for the allocation of performance shares and of stock options always takes into account the specificities of its human resources policy as presented above and the flexibility necessary for the completion of external growth transactions. This position proved to be particularly useful over the course of 2013, in particular in the context of the acquisition of Generali USA. Moreover, these principles ensure to limit, by ensuring team loyalty, the turnover within the Group which stood at 7.7% in 2013 (i.e. down compared to 2012);
 - the performance conditions must be sufficiently strenuous so as to reward management performance but without however encouraging excessive risk-taking;
 - the vesting period for rights has been set at 2 years for the ordinary plans (since 2013, the vesting period for rights allocated at hiring in order attract employees with "Partner Designate" status has been set at 3 years instead of 2 years), followed by an additional 2-year lock-up period. This term, combined with the performance conditions adopted, allows management performance to be assessed. In addition, a Long Term Incentive Plan ("**LTIP**") was added to the traditional schemes in 2011 which introduces for Group executives:
 - o a much longer vesting period (6 years),
 - o an additional 2-year lock-up period, thereby creating an incentive over an 8-year period, and
 - o an additional performance condition related to stock market performance criteria (achievement of Total Shareholder Return in excess of the average observed for European reinsurance companies);
 - finally, SCOR operates a policy aimed at neutralizing the dilution effect of its stock-based compensation instruments:

- o performance shares are in principle the subject of allocation on the basis of treasury shares (and not using newly issued shares);
- o share issuances resulting from the exercise of share subscription options are offset by a policy involving the acquisition in the market and cancellation of the corresponding number of shares;
- o SCOR therefore implements, each year, a share buy-back program in view of covering the allocation of free shares and of stock options.

Each year, further to the delegations of authority from the General Shareholders' Meeting, the Board determines the interest and quantum of, and conditions for, the allocation to key SCOR personnel of stock options and performance shares. This process is supervised by the Compensation and Nominations Committee, which upstream suggests to the Board the methods to be used for the allocation and the conditions governing the eligibility and exercise of the corresponding rights (in particular, any performance conditions that may be applicable, as well as the list of suggested beneficiaries) for the fiscal year in question and is kept informed, after the conclusion of the process, of all individual allocations of shares and options carried out. In this respect, each year, your Board provides you with an account, in its special reports, of the allocations of options and performance shares made over the course of any given fiscal year on the basis of the authorizations granted.

In this framework and in order to take into account changes in staffing as well as the policy used for the allocation of these different tools; this year, you, the shareholders, in a General Shareholders' Meeting, are to be asked to approve a global maintaining in the size of the total envelope (*i.e.*, stock options and performance shares taken together) which would thereby stand to 5,000,000 (global envelope that has been reduced from 6,000,000 to 5,000,000 since 2012) and to determine the breakdown of this global envelope by tool type.

It is in this context that we invite you to approve the twenty-third and twenty-fourth resolutions that are being presented to you and which set the context for the authorizations necessary for the implementation of stock options and plans for the allocation of free shares for 2014-2015.

In addition, please note that, by virtue of the provisions of Article L.225-129-6 of the French Commercial Code, when any decision is adopted to increase the share capital, the shareholders, meeting in an Extraordinary General Meeting, must vote on a draft resolution concerning the implementation of a share capital increase, carried out under the conditions set out at Articles L. 3332-18 *et seq.*, of the French Employment Code. We are therefore submitting to you, as the twenty-fifth resolution, a draft resolution aimed at delegating your authority to the Board in view of decision on the issuance of shares reserved for members of a company savings scheme (*plan d'épargne d'entreprise*). In this regard, we would like to draw your attention to the fact that, given the other employee profit-sharing mechanisms in place within the Group (options and performance shares), this authorization, while granted each year, does not form part of the remuneration policy adopted by SCOR and the Board has, to date, not considered it opportune to proceed with its implementation.

For your information and in accordance with the law, the authorizations set out in the twenty-third and twenty-fourth resolutions (as well as the delegation envisioned in the twenty-fifth resolution) are each also the subject of a special report by the Statutory Auditors.

10. Authorization to grant options to subscribe for and/or purchase the Company's Ordinary Shares with express waiver of preferential subscription right in favor of salaried employees and executive directors (*dirigeants-mandataires sociaux*) (23rd resolution)

You, the shareholders, voting on an extraordinary basis in the context of the General Meeting, are being asked to authorize the Board, within the scope of the provisions of Articles L. 225-177 to L. 225-186-1 of the French Commercial Code, to grant, for the benefit of salaried employees or to certain salaried employees of the Company and of the affiliated companies or entities of the Company pursuant to the terms set forth in Article L. 225-180 of the French Commercial Code, as well as in favor of the executive directors (*dirigeants-mandataires sociaux*) of the Company, options to subscribe for the Company's new Ordinary Shares to be issued pursuant to the increase in share capital, as well as

options to purchase the Ordinary Shares obtained from buy-backs effected by the Company under the following conditions:

- the options to subscribe for and purchase shares may not entitle the holder at the time of their exercise, subject to any potential performance conditions set by the Board pursuant to a proposal from the Compensation and Nominations Committee, to a total number of Ordinary Shares in excess of one million (1,000,000);
- the Board would determine the identity of beneficiaries, the number of options to be allocated to each beneficiary, the conditions (including attendance conditions) pertaining to the exercise of such options, the application or non-application to the exercise of all or part of the options thus allocated of the performance conditions set by the Board of Directors pursuant to a proposal from the Compensations and Nominations Committee, it being specified in this respect that the allocations of options in favor of each of the executive directors (*dirigeants-mandataires sociaux*) of the Company would be wholly subject to performance conditions and could not represent more than 10% of the options thereby authorized;
- the subscription price to be paid at the time of the exercise of the options to subscribe for or purchase the shares would be established by the Board pursuant to the terms defined by law but excluding any discount, on the date on which the options would be granted. As an indication, given the current wording of Article L. 225-177, paragraph 4, of the French Commercial Code as of the date of the General Shareholders' Meeting, the subscription price would be set on the basis of the average stock market price calculated over the twenty trading days preceding the date on which the options would be granted.

The total nominal value of the share capital increases completed pursuant to this authorization would be deducted from the aggregate share capital increase ceiling set in the twenty-sixth resolution submitted to you, the shareholders, in the context of the General Meeting, for approval.

In this respect, please note that it is the Company's policy to systematically neutralize, as far as possible, the potential dilutive impact that could result from the issuance of new Ordinary Shares resulting from the exercise of share subscription options, by covering the exposure resulting from the issuance of share subscription options by the purchase of Ordinary Shares in the context of its share buy-back program, at a price close to the exercise price, and by canceling the treasury shares thus acquired as the options are exercised. In this case, in accordance with the applicable rules, the difference between the repurchase price for the cancelled shares and their par value is deducted from the available premiums or reserves.

This authorization would be granted to the Board for a term of twenty-four (24) months starting from the date of the General Meeting, *i.e.* until May 6, 2016, and would render ineffective, as of the date of the approval of this resolution, any unused portion of the authorization granted to the Board of Directors by you, the shareholders, via the twenty-second resolution approved at the April 25, 2013 General Shareholders' Meeting. As required, please note that if this draft resolution were to be rejected, the authorization granted to the Board of Directors by the twenty-second resolution approved at the April 25, 2013 General Shareholders' Meeting would be implemented until the expiration of its initial term.

This authorization and the implementation of the corresponding plans are subject to restrictive performance conditions that are coherent with the objectives of the "*Optimal Dynamics*" strategic plan; these performance conditions are aimed at aligning the interests of the shareholders with those of the executives, at encouraging reasonable risk-taking to achieve the objectives set out in the plan. In particular this year, the Board notes that, in accordance with the recommendations made by the Compensation and Nominations Committee at its meeting of February 25, 2014, it has been decided that the performance condition relating to the solvability criteria will be adapted and brought into line with the new "*Optimal Dynamics*" strategic plan that has replaced the objective regarding financial security with a dynamic solvability scale; the proposal being placed before you is aimed at ensuring that Management maintains the level of solvability above 150% at the end of each quarter: this threshold corresponds to Management's scope of action and is aimed at preserving the Company's share capital – the sovereign asset of the shareholders – without having recourse to intervention by the Board or the shareholders to restore the level of solvability.

The exercise of any options potentially allocated starting from this date would be subject, if applicable and for all or part of the options allocated as applicable, in addition to the fulfillment of condition v)

below to be introduced into all future plans, to the fulfillment of at least three of the other four following conditions:

- For the top management (Senior Global Partners / Executive Global Partners and members of the executive committee "Comex"):
 - i) the solvability ratio at the end of each quarter not being less than 150% for 2014 and 2015;
 - ii) the combined SCOR Global P&C ratio being less than 100% on average for 2014 and 2015;
 - iii) the SCOR Global Life technical margin being greater than or equal to 3% on average for 2014 and 2015;
 - iv) the Return on Equity ("ROE") being higher than 1,000 base points above the average risk-free rate for 2014 and 2015;
 - v) absolute compliance with the Group's rules of ethics as set out in the Group's code of conduct (the "**Group Code of Conduct**"). These principles, aimed at protecting the interests of our clients, act as guarantors for SCOR's sustainable development and therefore for its performance.

However, if condition (iv) was not fulfilled and, in addition, one of the 3 conditions (i), (ii) or (iii) was not deemed to be fulfilled, the stock options beneficiaries should then receive a lower percentage of the initial allocation of options pursuant to the table below:

Reach of the SCOR ROE above the risk-free rate (average on 2 fiscal years)	Portion of the definitely acquired allocation
As from 1 000 bps	100%
between 800 until 999 bps	90%
between 600 until 799 bps	70%
between 400 until 599 bps	50%
between 301 until 399 bps	25%
Lower than à 300 bps	0%

Moreover, the non-fulfillment of condition (v) leads to the loss of the entirety of the allocation for the beneficiaries.

- For other Partners (Associate Partners and Global Partners)
 - i) the solvability ratio at the end of each quarter not being less than 150% for 2014 and 2015;
 - ii) the combined SCOR Global P&C ratio being less than 100% on average for 2014 and 2015;
 - iii) the SCOR Global Life technical margin being greater than or equal to 3% on average for 2014 and 2015;
 - iv) the Return on Equity ("ROE") being higher than 600 base points above the average risk-free rate for 2014 and 2015;
 - v) absolute compliance with the Group's rules of ethics as set out in the Group's code of conduct (the "**Group Code of Conduct**"). These principles, aimed at protecting the interests of our clients, act as guarantors for SCOR's sustainable development and therefore for its performance.

The above performance conditions will be deemed to be fulfilled if, in addition to condition (v), at least 3 out of the 4 other conditions are fulfilled.

11. Authorization to allocate free Ordinary Shares of the Company with express waiver of preferential subscription right to salaried employees and executive directors (*dirigeants-mandataires sociaux*) (24th resolution)

You, the shareholders, voting on an extraordinary basis in the context of the General Meeting, are being asked to authorize the Board, in accordance with the provisions of Article L. 225-197-1 *et seq.* of the French Commercial Code, to allocate free Ordinary Shares, either existing or to be issued, in favor of salaried employees or certain salaried employees of the Company and of the Company's affiliated companies or entities within the meaning of Article L. 225-197-2 of the French Commercial Code as well as in favor of the corporate officers (*mandataires sociaux*) referred to in Article L. 225-197-1-II of the French Commercial Code, under the following conditions:

- the total number of free Ordinary Shares, subject, as the case may be, to the fulfillment of the performance conditions to be set by the Board pursuant to a proposal from the Compensation and Nominations Committee, may not exceed four million (4,000,000);
- the Board would determine the identity of the beneficiaries, the number of Ordinary Shares to be allocated to each beneficiary, the rights and conditions attached to the conditional entitlement to receive Ordinary Shares (including with regard, as applicable, to the attendance and performance conditions to be set by the Board of Directors pursuant to a proposal from the Compensation and Nominations Committee), it being specified in this respect that the allocations of Ordinary Shares for the benefit of the executive directors (*dirigeants-mandataires sociaux*) of the Company would always be subject to performance conditions and could not represent more than 10% of the Ordinary Shares thereby authorized;
- the allocation of Ordinary Shares to the beneficiaries would become final, for all or part of the Ordinary Shares allocated, either (i) at the end of a vesting period of a minimum of two (2) years, it being specified that the beneficiaries would then have to retain said shares during a retention period of at least two years starting from their definitive allocation or (ii) at the end of a vesting period of at least four (4) years, and in this case without any minimum retention period which you, the shareholders, in the context of the General Meeting, would then determine to cancel. However, you, the shareholders, are asked to authorize the Board to impose, at its sole discretion, a mandatory retention period of two (2) years, starting from their definitive allocation of the Ordinary Shares, for all or part of the Ordinary Shares allocated on a definitive basis at the end of the vesting period of a minimum duration of (4) years;
- however, in the event of the beneficiary's invalidity, pursuant to the second or third categories defined by Article L. 341-4 of the French Social Security Code, unconditional ownership of the shares would be granted before the end of the vesting period and such shares would be immediately transferable.

In order to carry out the allocations of free Ordinary Shares under the conditions set out above, you, the shareholders, are asked to authorize the Board to carry out one or more capital increases by the incorporation of profits, reserves or premiums, it being specified that such authorization would automatically require the waiver by the shareholders of their right to that portion of the profits, reserves and premiums which would, as necessary, be used for the issuance of new Ordinary Shares.

The total nominal value of the share capital increases realized pursuant to this authorization would be deducted directly from the aggregate share capital increase ceiling established by the twenty-sixth resolution submitted to you, the shareholders, in the context of the General Meeting, for approval.

In this regard, if the proposed resolution authorizes a certain degree of flexibility in the origins of the free shares (new or existing shares), it is however to be noted that the Company's systematic policy is to seek to limit, as far as possible, the dilutive impact of any plans in place for the allocation of free shares, by honoring such plans via the allocation of existing shares, taken from the treasury shares held by the Company in the context of its share purchase program and not via the creation of new shares. If, moreover, for any reason whatsoever, the free shares were to be newly-issued shares, as for the share subscription options, the Company would try to guarantee, to the extent possible, that any dilution potentially resulting therefrom would be neutralized by the cancellation of an equivalent number of treasury shares. In this hypothesis, the difference between the repurchase price for the cancelled shares and their par value would be deducted from the available premiums or reserves.

This authorization would be granted to the Board for a term of twenty-four (24) months starting from the date of the General Meeting, *i.e.* until May 6, 2016, and would render ineffective, as of the date of the approval of this resolution, any unused portion of the authorization granted to the Board of Directors by you, the shareholders, via the twenty-third resolution approved at the April 25, 2013 General Shareholders' Meeting. As required, please note that if this draft resolution were to be rejected, the authorization granted to the Board of Directors via the twenty-third resolution approved at the April 25, 2013 General Shareholders' Meeting would be implemented until the expiration of its initial term.

This authorization and the implementation of the corresponding plans are subject to restrictive performance conditions that are coherent with the objectives of the "*Optimal Dynamics*" strategic plan; these performance conditions are aimed at aligning the interests of the shareholders with those of the executives, at encouraging reasonable risk-taking to achieve the objectives set out in the plan. In particular this year, the Board notes that, in accordance with the recommendations made by the Compensation and Nominations Committee at its meeting of February 25, 2014, it has been decided that the performance condition relating to the solvability criteria will be adapted and brought into line with the new "*Optimal Dynamics*" strategic plan that has replaced the objective regarding financial security with a dynamic solvability scale; the proposal being placed before you is aimed at ensuring that Management maintains the level of solvability above 150% at the end of each quarter: this threshold corresponds to Management's scope of action and is aimed at preserving the Company's share capital – the sovereign asset of the shareholders – without having recourse to intervention by the Board or the shareholders to restore the level of solvability.

The final allocation of any shares from this date would be subject, if applicable and for all or part of the shares allocated as applicable, in addition to the fulfillment of condition v) below to be introduced into all future plans, to the fulfillment of at least three of the other four following conditions:

- For the top management (Senior Global Partners / Executive Global Partners and members of the executive committee "Comex"):
 - i) the solvability ratio at the end of each quarter not being less than 150% for 2014 and 2015;
 - ii) the combined SCOR Global P&C ratio being less than 100% on average for 2014 and 2015;
 - iii) the SCOR Global Life technical margin being greater than or equal to 3% on average for 2014 and 2015;
 - iv) the Return on Equity ("**ROE**") being higher than 1,000 base points above the average risk-free rate for 2014 and 2015;
 - v) absolute compliance with the Group's rules of ethics as set out in the Group's code of conduct (the "**Group Code of Conduct**"). These principles, aimed at protecting the interests of our clients, act as guarantors for SCOR's sustainable development and therefore for its performance.

However, if condition (iv) was not fulfilled and, in addition, one of the 3 conditions (i), (ii) or (iii) was not deemed to be fulfilled, the performance shares beneficiaries should then receive a lower percentage of the initial allocation of shares pursuant to the table below:

Reach of the SCOR ROE above the risk-free rate (average on 2 fiscal years)	Portion of the definitely acquired allocation
As from 1 000 bps	100%
between 800 until 999 bps	90%
between 600 until 799 bps	70%
between 400 until 599 bps	50%
between 301 until 399 bps	25%
Lower than à 300 bps	0%

Moreover, the non-fulfillment of condition (v) leads to the loss of the entirety of the allocation for the beneficiaries.

- For other Partners (Associate Partners and Global Partners)
 - i) the solvability ratio at the end of each quarter not being less than 150% for 2014 and 2015;
 - ii) the combined SCOR Global P&C ratio being less than 100% on average for 2014 and 2015;
 - iii) the SCOR Global Life technical margin being greater than or equal to 3% on average for 2014 and 2015;
 - iv) the Return on Equity ("ROE") being higher than 600 base points above the average risk-free rate for 2014 and 2015;
 - v) absolute compliance with the Group's rules of ethics as set out in the Group's code of conduct (the "**Group Code of Conduct**"). These principles, aimed at protecting the interests of our clients, act as guarantors for SCOR's sustainable development and therefore for its performance.

The above performance conditions will be deemed to be fulfilled if, in addition to condition (v), at least 3 out of the 4 other conditions are fulfilled.

Please note, moreover, that, as in 2011, 2012 and 2013, in order to integrate further the taking into account of long-term risks, the Board of Directors envisages using one part of this authorization to implement an LTIP according to which the vesting period for entitlement to free shares would be extended and over-performance conditions would be added to the generally applicable performance conditions. This range of measures contributes to aligning the interests of beneficiaries, members of the management team, with the interests of the shareholders.

12. Delegation of authority to carry out an increase in share capital by the issuance of shares reserved to the members of savings plans (*plans d'épargne*), with cancellation of the preferential subscription right in favor of such members (25th resolution)

You are being asked, in accordance with the provisions of Articles L. 225-129, L. 225-129-2, L. 225-129-6, L. 225-138 and L. 225-138-1 of the French Commercial Code and with those of Articles L. 3332-1 *et seq.* of the French Labor Code, to delegate your authority to the Board in order to increase the share capital, on one or several occasions, in the proportions and at the times it deems appropriate, by the issuance of Ordinary Shares in consideration for cash and the subscription of which shall be reserved for the employees of the Company and of the French and foreign companies linked to it pursuant to Article L. 225-180 of the French Commercial Code, who are members of a company savings plan (*plan d'épargne d'entreprise*) and/or of any mutual fund through which the new Ordinary Shares thus issued would be subscribed for by them, under the following conditions:

- the increase or increases in share capital which may be authorized by the Board and effected immediately or at a future date, by virtue of this delegation of authority, may not give entitlement more than three million (3,000,000) Ordinary Shares;
- the issuance price of new shares may not exceed the average market prices over the twenty (20) trading days preceding the date of the Board's decision setting the opening date for subscriptions, nor lower than such average decreased by the maximum discount provided for by law on the date of the Board's resolution;
- the shareholders' preferential subscription right to the new shares issued pursuant to this delegation of authority would be cancelled in favor of employees who are members of a company savings plan (*plan d'épargne d'entreprise*).

The total nominal value of the share capital increases realized pursuant to this delegation would be deducted from the aggregate share capital increase ceiling set in the twenty-sixth resolution submitted to you, the shareholders, in the context of the General Meeting, for approval.

This delegation of authority would be granted to the Board for a term of eighteen (18) months starting from the date of the General Meeting, *i.e.* until November 6, 2015 and would render ineffective, as of the date of the approval of the resolution, the delegation granted to the Board of Directors by you, the

shareholders, via the twenty-fourth resolution approved at the April 25, 2013 General Shareholders' Meeting.

AGGREGATE CEILING ON AUTHORIZATIONS

13. Aggregate ceiling on capital increases (26th resolution)

The aggregate ceiling on capital increases which could result from all of the issuances authorized by you, the shareholders, in the context of the General Meeting, would be set at eight hundred sixty-three million, fifteen thousand, seven hundred seventy-five euros and seventy-four cents (EUR 863,015,775.74).

This ceiling corresponds to the aggregate amount of the specific ceilings applicable to:

1. the share capital increases realized via the incorporation of profits, reserves or premiums (**fourteenth resolution**);
2. the share capital increases without cancellation of preferential subscription rights (**fifteenth resolution**), from which shall be deducted the value of the share capital increases with cancellation of subscription rights in the event of a public offering (**sixteenth resolution**), from which in turn shall be deducted the aggregate value of any other share capital increases with cancellation of or without preferential subscription rights, *i.e.*:
 - in the event of an offering described at part II of Article L.411-2 of the French Monetary and Financial Code (**seventeenth resolution**),
 - as consideration for any shares tendered to the Company in the context of any public exchange offer initiated by the Company (**eighteenth resolution**),
 - without preferential subscription rights completed as consideration for contributions in kind made to the Company (**nineteenth resolution**), and
 - without preferential subscription rights to the benefit of one category of entities, ensuring the underwriting of the Company's equity securities (**twenty-first resolution**);

and to

3. the share capital increases resulting from issuances of shares completed in the context of the share subscription option plans and the plans for the allocation of free shares and of the company savings plan (*plan d'épargne d'entreprise*) (**twenty-third, twenty-fourth and twenty-fifth resolutions**).

The share capital increases for which the Board would decide to use the authorization potentially granted by you, the shareholders, in the context of the General Meeting, for the increase, during an offer period, of the number of shares offered, capped at 15% of the initial offer (**twentieth resolution**), would be completed, principally, on the basis of one of the other delegations potentially granted to the Board by you, the shareholders, in the context of the General Meeting. Consequently, such share capital increases would be deducted from the ceiling set by the specific delegation on the basis of which it would actually have been completed, and, finally, from the ceiling set for share capital increases without cancellation of preferential subscription rights (**fifteenth resolution**) and from the global ceiling set by this resolution.

15.1.2 – Remuneration of the members of the COMEX and of the executive corporate officer in 2013
15.1.2.1 - Remuneration to the Chairman and Chief Executive Officer

The Board of Directors of SCOR has decided, during the meeting of 12 December 2008, to apply the AFEP (Association of French Private-sector Companies) and MEDEF (French Business Confederation) recommendations of 6 October 2008 on the compensation of Corporate Executive Officers of listed companies to the compensation of the Executive Corporate Officer considering that those are in line with SCOR corporate governance principles.

In application of 3 July 2008 Act implementing the European Union Directive 2006/46/CE of 14 June 2006, SCOR shall thus refer to the AFEP-MEDEF corporate governance code of listed companies (the "AFEP-MEDEF Code") in preparing the report to be issued in accordance with article L. 225-37 of the French Commercial Code.

In compliance with the AFEP (Association of French Private-sector Companies) and MEDEF (French Business Confederation) recommendation applicable to the Chairman and Chief Executive Officer, there is no employment contract between Mr. Denis Kessler and the Company. Following the recommendation of the Compensation and Nomination Committee on 26 February 2013, the meeting of the Board of Directors on 5 March 2013 decided that the Chairman and Chief Executive Officer:

- will receive a fixed gross annual sum of EUR 1,200,000, payable in twelve monthly installments; and
- will receive a target variable annual compensation of EUR 1,000,000 determined as follows:
 - 50% on the basis of the achievement of personal objectives, defined annually at the beginning of each year by the Board of Directors on the recommendation of the Compensation and Nomination Committee; and
 - 50% on the basis of the achievement of financial objectives, defined annually at the beginning of each year by the Board of Directors on the recommendation of the Compensation and Nomination Committee.

The variable compensation for any given year will be paid in the following year, as soon as the financial statements of the Company for such given year are approved by the Board of Directors.

For 2013, the variable compensation of the Chairman and Chief Executive Officer has been determined according to the following criteria:

Following the authorization by the Shareholders' Meeting on 3 May 2012, the Company's Board of Directors of 5 March 2013, on the proposal of the Compensation and Nominations Committee of 26 February 2013, decided to allocate on 21 March 2013 stock options to the Chairman and Chief Executive Officer, to members of the Executive Committee and to the highest levels of Partners (Executive Global Partners and Senior Global Partners).

The Partners are key executives, managers, experts, and high potentials formally identified across the Group. Partners are given specific responsibilities in terms of significant achievements, high impact project management and leadership. Therefore, they benefit from a specific and selective program in terms of information sharing, career development and compensation schemes. Partners represent approximately 25% of the total number of staff.

The Company's Board of Directors of 5 March 2013, on the proposal of the Compensation and Nominations Committee of 26 February 2013, decided to allocate on 21 March 2013 100,000 stock

Those options can be exercised at the earliest four years after the grant date, if the presence condition (four years) is respected. The exercise price is calculated without discount, based on the weighted average price of SCOR's shares on the Euronext Paris over the 20 trading days preceding the decision to award the stock options. The stock options can be exercised on one or more occasions from 22 March 2017 to 21 March 2023 inclusive. From this date, the purchase right shall expire.

The exercise of all of the stock options allocated in 2013 is subject to performance conditions. The performance conditions will be deemed satisfied if, in addition to the mandatory condition (5) below, at least three out of the four other conditions listed below are met:
