

COSTRUIAMO LA (RI)ASSICURAZIONE DEL FUTURO: nuove tecnologie al servizio del mondo construction e della gestione sinistri Protection

Biografie dei relatori

Georges HELOU

Senior Construction Underwriter - SCOR P&C

ghelou@scor.com

Georges joined SCOR more than 10 years ago as a Construction Underwriter for large infrastructure projects. He has been particularly involved in supporting historical Italian risks such MOSE or Metro di Roma and several of the ongoing PNRR projects as well as international projects for Italian contractors. Georges is also heading the development of a digital solution for risk engineering on construction sites.

Prior to joining SCOR, Georges worked as a project manager in a leading French contractor. He holds a civil engineering degree and a masters in strategy & management. Georges also represents SCOR at the French Tunneling Society.

Jaume AVELLA FLUVIA

Head of Inherent Defect Insurance - SCOR P&C

javellafluvia@scor.com

Originally from Spain, Jaume arrived in Paris in 2003 to study engineering. In 2005, he obtained a double degree from the Ecole Spéciale de Travaux Publics in Paris (ESTP - France) and the Escuela Técnica de Ingenieros de Caminos Canales y Puertos - Universidad Politécnica de Valencia (Spain).

After 10 years' experience in construction with the Bouygues Construction group, he joined SCOR's decennial insurance department in 2014 as an underwriter.

Since 1 July 2022, Jaume has held the position of Head of Inherent Defects Insurance at SCOR
